PROFESSIONAL SUMMARY

Product Manager with **1.5+ years** of hands-on 0→1 experience shipping an MVP that secured **€100K in conditional funding**, backed by a Computer Science foundation and formal training in Agile delivery, requirements engineering, and AI product management. Synthesized insights from **850+ survey respondents, 33+ interviews** into prioritized roadmaps.

EXPERIENCE

Product Manager | A/B (Product Management simulation game), link: A/B game *Oct 2026 – Present*

- Took the product **from idea to playable MVP in 3 days**, prototyping with Claude and **prioritizing 80+ requirements** into a focused first release **using MoSCoW**.
- Validated demand by building in public: 5000+ LinkedIn impressions and 20 comments on the first post, recruiting 16 PMs as play testers and turning their feedback into 4 roadmap items.
- Leveraged **SQL** analytics to identify drop-off points, designed and executed **A/B test** to boost full game completion by **16%**.

Research Intern — AI in Product Management | University of Trento *Dec 2025 – Jul 2026*

- Conducted a **250-hour research internship** on how AI closes the automation gap in product management, grounded in **60+ academic papers** and **8 structured interviews**.
- Found AI's highest PM value in rapid **prototyping, fast idea validation**, stakeholder communication, **workflow automation** and context-driven decisions.

Technical Program Manager — Asuit (Provincial Healthcare Provider) *Apr 2025 – Aug 2025*

- Introduced **Scrum** to a **€2M**, 2-year network renewal **across 17 healthcare facilities**, replacing fragmented Gantt charts **with 2-week sprints.**
- Drove **roadmap and backlog prioritization** with a **6-person engineering team**, ranking facilities by user impact, downtime, effort and budget trade-offs.
- Ran **sprint planning, daily stand-ups and retrospectives** on a shared **Kanban board**, coordinating the team through hardware upgrades and a Telnet-to-SSH migration.

Co-Founder & Product Manager | Groove (Discovery Platform Verticalized on Venues) *Feb 2024 – Feb 2025*

- Validated core product concept via **500+ respondent survey**, revealing **72% of users** experienced disappointing nights out due to missing event information.
- Authored **PRD** and **user stories**, leading **a 9-person cross-functional team** from concept to **MVP** launch of a nightclub discovery platform.
- Reduced user decision time by **80%** (from 30 to 5 minutes) through **Wizard-of-Oz testing** of the core recommendation flow.
- Pitched to angel investors, earning a **€100K conditional offer** tied to venue adoption; signed 5 nightclubs as launch partners.
