Mantua, Italy (open to relocation) | +39 345 960 3238 | lucabuonocore.03@gmail.com | [linkedin.com/in/lucabuonocore](https://www.linkedin.com/in/lucabuonocore) | lucabuonocore.github.io | EU Citizen (no visa sponsorship required), open to work and relocate in EU, UK, Canada ad US.

PROFESSIONAL SUMMARY

Product Manager with **1.5+ years** of hands-on 0→1 experience shipping an MVP that secured **€100K in conditional funding**, backed by a Computer Science foundation and formal training in Agile delivery, requirements engineering, and AI product management. Skilled at turning user research (**850+ survey respondents, 33+ interviews**) into prioritized roadmaps.

CORE COMPETENCIES

Product & Discovery: Product Discovery & Road mapping, User Research & Market Analysis, Requirements & Specifications, Agile / Scrum, A/B Testing, Prioritization, Stakeholder Management, Data-Driven Decision Making

Data & Certifications: SQL, Excel/Office Suite, Python — Microsoft AI Product Management Certificate

EXPERIENCE

Co-Founder & Head of Product | Groove (Discovery Platform Verticalized on Venues) Feb 2024 – Feb 2025
Mobile app helping young people choose a nightclub on Saturday night by comparing events on objective criteria.

- Validated core product concept via 500+ respondent survey, revealing **72% of users** experienced disappointing nights out due to missing event information.
- Authored **PRD** and **user stories**, leading a **9-person cross-functional team** from concept to **MVP** launch of a nightclub discovery platform.
- Reduced user decision time by **80%** (from 30 to 5 minutes) through **Wizard-of-Oz testing** of the core recommendation flow.
- Pitched to angel investors, earning a **€100K conditional offer** tied to venue adoption; signed 5 nightclubs as launch partners.

Program Manager Intern | APSS (Provincial Healthcare Services Agency) Apr 2025 – Aug 2025

- Introduced **Scrum** to a **€2M**, 2-year network renewal across **17 healthcare facilities**, replacing fragmented Gantt charts with **2-week sprints**.
- Drove **roadmap and backlog prioritization** with a **6-person engineering team**, ranking facilities by user impact, downtime, effort and budget trade-offs.
- Ran **sprint planning, daily stand-ups and retrospectives** on a shared **Kanban** board, coordinating vendors through hardware upgrades and a Telnet-to-SSH migration.

AI in Product Management — Research | University of Trento Dec 2025 – Giu 2026

- Conducted a **250-hour research internship** on how AI closes the automation gap in product management, grounded in **60+ academic papers** and **8 structured interviews**.
- Found AI's highest PM value in rapid **prototyping, fast idea validation**, stakeholder communication, **workflow automation** and context-driven decisions.

PROJECTS

Product Discovery | SkillForge (Esports Coaching Platform) Dec 2023 – Feb 2024

- Identified a market gap in esports coaching (€150–250/hr) through **350 survey respondents and 25 interviews**, surfacing accessibility constraints for **64% of players** and expanding the addressable market **4x**.
- Designed the business model around retired (vs. active) pro players, raising estimated content margins **20%**.
- Stopped before build after a unit-economics analysis exposed a creator cold-start problem, choosing resource discipline over sunk cost.

EDUCATION

B.Sc. Computer Science | University of Trento Set 2022-Set 2026

- Relevant coursework: Software Engineering, Information Systems, Databases (SQL), Computer Networks, Operating Systems, Machine Learning, Computer & Network Security, Probability & Statistics, Business Economics.
